
 You must review the [Families policy](#) and complete the Target audience and content section on the App content page. If you don't do this, your app may be removed from Google Play.

Custom peer groups for benchmarking

You can now create custom peer groups to see how you compare with a group of apps that you choose. [Learn more](#)

Crash rate

You can view your app's technical performance details collected from a subset of Android devices & OS versions, whose users have opted in to automatically share usage and diagnostics data. [Learn more](#)

APK version code	Device	OS version	Peer group	Timespan
All APK version coc	All supported devic	All OS versions	Custom	Last 30 days

This data is generated between **Sep 13, 2019 & Oct 11, 2019** from ~67K sessions.
