

For currently
active releases

In the past we:

Current

In the future we may

Created, Tested,
Released a
version of a mobile
app

Notified of
issue(s), triage,
select some to be
addressed

Ameliorate or fix
issue(s) target for
future release(s)

A Future Release

Create, Test, and
Release a newer
version of the
mobile app

Observe issues, check
for signs of
improvements, ongoing
(known unaddressed)
issues, and new issues
