Excellent Superb once you've downloaded a data file. The easier that download can be made direct from the app the better.

Siddharth Kumar August 19, 2015

Wiki on phone, OFFLINE!!! Superb, now wiki access is always on my finger tips:)

Siddharth Saini September 23, 2015

Unfortunately kiwix stopped working Whenever I try to open zim.aa file, it crashes.

Wikimedia CH September 23, 2015 Difficult to give a solution with so few information, but probably one of the other chunks is lacking or corrupted.

Anwar Siddiq September 27, 2015

I'm requesting 2nd time plz split the 48 gb data file to become easy to download because i tried my best to download it but all in vain. Thanks

Wikimedia CH September 28, 2015

Thank you for your feedback. Our recommendation: go on http://www.kiwix.org/wiki/content, choose your content, download it using BitTorrent.

Gboy Lechadores September 20, 2015

How will I search something? Then i will give you 5 stars

Wikimedia CH September 20, 2015

Have you already downloaded a content at http://www.kiwix.org/wiki/content?
